## Guiding Principles

<b>Introduction</b>	This section provides the <i>guiding principles</i> for <b>Aviation Career Incentive Pay</b> .
---------------------	--

---

<b>Reference</b>	The following references provide additional information about Aviation Career Incentive Pay.
------------------	--

- [U.S. Coast Guard Pay Manual](#) COMDTINST M7220.29(series), Chap 5
- [Management And Administration of Aviation Career Incentive Pays](#) COMDTINST 7220.39(series)

**Warning:** Do not attempt to input, correct or delete an ACIP transaction unless you have read and understood the references listed above. This guide provides procedures for recording ACIP entitlement in Direct-Access. It is not intended to duplicate policy guidance, which is available in the references.

---

<b>Before You Begin</b>	If you are not familiar with the employee entitlement basic navigation instructions, they can be found at: <a href="#">Employee Entitlements, Basic Navigation Guide</a>
-------------------------	--

Aviation Career Incentive Pay entries must be routed to a supervisor/auditor with either CGHRSUP or CGHRSICSUP approval authority. If this is not approved, the member will not be paid. Guidance for approving officials is incorporated in the applicable steps of this guide.

Use earnings type “ESACIP” for first time establishment of aviation service information. **Note that ESACIP transactions cannot be deleted, so be sure to use the correct employee ID number and the correct dates.**

Use the other earning types when the officer has been established in Direct Access (ACIP row with ESACIP type exists **or JUMPS segment 60 exists**) as an Aviator (**Note: DA will not show the ESACIP row if the officer was established as an aviator before DA release 11 in Sept. 2004, you must check JUMPS in these cases**).

ACIP automatically stops at 25 years aviation service. If authorized to continue ACIP past 25 years, a new entitlement row must be created with the “ACIP25” earnings code.

### Guiding Principles, Continued

#### Before you begin

This transaction includes the following (which were separate under SDA II):

- ***P105 Establish officer as an aviator:*** If user is initially entering aviation information they use Earn Code ACI Earn Type ESACIP and fill in the detail panel.
- ***P671, Suspend or Terminate:*** When you put in a Stop Date and mark the Suspend or Stop box a P671 is transmitted. JUMPS will automatically terminate an officer's ACIP upon the officer attaining 25 years aviation service, and a Stop transaction should NOT be submitted. A Stop transaction should ONLY be submitted if an officer's entitlement to ACIP is terminated because:
  - (a) the officer reaches the 12-year or 18-year Gate and fails to meet OPFLY requirements prescribed in section 5.A.5, CG Pay Manual; or
  - (b) the officer is in a monthly, vice continuous, ACIP status and fails to meet minimum flight requirements prescribed in sections 5.A.6 and 5.A.10, CG Pay Manual. A Suspend transaction should be submitted if an officer's entitlement to ACIP is suspended under section 5.A.18, CG Pay Manual.

#### Auto-stop upon PCS departure

ACIP will stop automatically on *the day of* PCS departure if the Continue ACIP checkbox is not selected on the PCS Departing Endorsement Transaction. Do not enter a Stop ACIP transaction when a member departs PCS. The system will not reflect the ACIP stop until the [departing PCS Endorsement on Orders transaction is approved and saved](#). PCS orders for aviators shall specify that the duty either involves operational flying (orders read "DIFOPS"), proficiency flying (orders read "DIFPRO"), or does not involve flying (orders read "DIFDEN"). All aviator billets are coded as either DIFOPS, DIFPRO, or DIFDEN.
